Profile

A determined worker that recently finished education at Havant & South Downs College and is now looking for new paths, and to start a career. Provides excellent interaction and communication, and deals with problems in a methodical manner. Has the maturity to work well as an individual but has the skills to work as a team. Continually delivers high standards of work and customer satisfaction and is now looking for new challenges. Interested and skilled in computing, web design and customer service.

Experience

Crew Member, McDonald's

2016 - 2017

Worked in the kitchen of McDonald's Waterlooville store following industry standard food and hygiene practices. Constantly working in a team to meet daily and weekly goals and also working alone on the drive through taking orders, handling money and making sure the public have the best experience.

Kitchen Porter & Bar Staff, Southwick Park Golf Course

2013 - 2017

Helping head chefs and bar staff in the kitchen of a well known golf course, following industry standard health & safety. Working in a small team to cater for up to 250 people at once.

Independent Web Designer

2018 - Present

Making small websites for companies, business people and acquaintances to help promote their job, and allow other people to find all information about them in one place.

Customer Assistant, Gunwharf News (at Farnborough Air Show)

2018 - Present

Dealing with thousands of customers in an extremely busy newsagents at the worlds second largest international air show. Serving and dealing with many different nationalities, handling money and checking stock.

Education

Havant & South Downs College – A Level, 2017 - 2018

Economics Grade C (predicted)

Max is a polite and engaging student of Economics, who is clearly interested in the subject. His grasp of the subject is seen most clearly verbally, with his contributions to class discussions, showing his solid background knowledge of the world around him. He completes all homework and has good attendance to class. He is confident enough to ask questions in order to clarify his understanding. His written work has improved during the course, with analysis and evaluation in some evidence. I am sure he will continue to improve in the 2nd year, as he focuses more on his future

Computing Grade B (predicted)

Max works with interest. He is able to demonstrate a steadily developing grasp of ideas and techniques, and can use his knowledge appropriately in problem solving. Max's programming skills have improved throughout the year and should serve him well when undertaking his coursework. Max demonstrates good oral and written communication skills. An excellent attendance record and a responsible and mature approach to his learning have underlined Max's commitment.

Extended Project Qualification Grade A (predicted)

Max has developed good organisation and time management skills during his project and has keen interest in his chosen subject. He is demonstrating the ability to undertake individual research and sourcing information from many different areas. The 5000 word project and presentation is taking form and I am confident that the work produced will be of his usual high standard

Travel & Tourism Grade B (predicted)

Horndean Technology College - GCSE, 2011 - 2016

Media Studies	A*
Computing	A
Mathematics	B
English Language	B
Biology	B
Chemistry	B
Religious Studies	B
Physics	B
English Literature	C
Geography	C

Skills

Solid knowledge and understanding of HTML and CSS and also how languages such as JavaScript and PHP interact with them.

Experienced with hardware and the construction of a computer.

Skilled in photoshop and other graphic editing software.

High standards of work, with focus on detail and quantity.

Full driving license, able to drive from and to a place of work.

Interests

Interested in a variety of different music artists and genres.

Played sports such as cricket and football throughout school and college, captaining the cricket team for Havant College multiple times.

Interested in travelling and visiting exotic countries, especially Brazil and South America, which I have visited a number of times.
