## Experience

General Labourer

2021 - Present

Tried out a physical construction role which I have enjoyed. Gained basic knowledge of various parts of construction (bricklaying, dry-lining, roofing, painting) and also some DIY skills.

Independent Web Developer

2017 - Present

Making websites for small businesses and friends to increase their online presence.

Web Developer, Toolkit Websites

2020

Moved into a more practical development role at Toolkit. Creating, maintaining and fixing websites that are in-build or live.

Technical Liaison + Social Media, Toolkit Websites

2019 - 2020

Progressed in the company. Managed all social media setups as well as email support queries involving our email service, domains, and SEO (Search Engine Optimisation).

Passionate Support, Toolkit Websites

2018 - 2019

Started work at Toolkit Websites as 1st line email and phone support, taking 50 -100 calls per week and teaching clients how to use the content management system to update their websites.

Customer Assistant, Gunwharf News (Farnborough Air Show)

2018

Working at a newsagents at the world's second largest international air show, dealing with thousands of customers daily. Serving and dealing with a range of customers, handling money and checking stock.

Crew Member, McDonald's Waterlooville

2017

Worked at the McDonald's Waterlooville store following industry standard food and hygiene practices. Cooked and prepared food, handled money and served the general public.

Kitchen Porter & Bar Staff, Southwick Park Golf Course

2014 - 2017

Working in a small team to cater for up to 250 people.

**Economics Grade C**

Max is a polite and engaging student of Economics, who is clearly interested in the subject. His grasp of the subject is seen with his contributions to class discussions, showing his solid background knowledge of the world around him. He completes all homework and has good attendance to class. He is confident enough to ask questions in order to clarify his understanding. His written work has improved during the course, with analysis and evaluation in some evidence.

**Computing Grade C**

Max works with interest. He is able to demonstrate a steadily developing grasp of ideas and techniques, and can use his knowledge appropriately in problem solving. Max's programming skills have improved throughout the year and should serve him well when undertaking his coursework. Max demonstrates good oral and written communication skills.

**Extended Project Qualification Grade B**

Max has developed good organisation and time management skills during his project and has keen interest in his chosen subject. He is demonstrating the ability to undertake individual research and sourcing information from many different areas.

**Travel & Tourism Grade C**

## Horndean Technology College - GCSE, 2011 - 2016

Media Studies	A*
Computing	A
Mathematics	B
English Language	B
Biology	B
Chemistry	B
Religious Studies	B
Physics	B
English Literature	C
Geography	C

## Skills

Computer literate and comfortable with various programs.  
Have knowledge and understanding of some computer languages and how these interact with each other.  
Strong communication skills, able to speak on the phone and in person confidently.  
High standards of work with focus on detail and quality.  
Full driving licence, no points.

## Certificates

Level 3 Award - Mobile and Operating Systems (City & Guilds)  
Level 3 Award - Business Processes (City & Guilds)  
Level 3 Award - Coding and Logic (City & Guilds)  
Microsoft 365 Certified: Cloud Fundamentals  
Teaching English as Foreign Language Certificate, 120 Hours

## Interests

I keep active and try to exercise once or twice a week. Played cricket and other sports throughout school and captained the cricket team at college a few times.  
I like to buy and sell clothes on the internet. Recently began a 2021 wardrobe reshuffle on Depop which has been quite successful. This allows me to update my wardrobe without spending any money.  
Interested in cryptocurrency.
